

OMNIGHOST

END USER LICENSE AGREEMENT & TERMS OF USE

Version 1.0 | Effective 22 September 2026

One account. One authorized computer. HWID-bound license.

Support & community
<https://discord.gg/9HqnV2mD>

00 IMPORTANT NOTICE

Read this agreement carefully before installing, accessing, activating, or using OmniGhost.

BINDING AGREEMENT

By installing, activating, accessing, launching, or using OmniGhost, or by selecting an acceptance checkbox presented with this Agreement, you confirm that you have read, understood, and agreed to be bound by these terms. If you do not agree, do not install or use the Software.

This End User License Agreement and Terms of Use (the "Agreement") is a legal agreement between the person who acquires or uses the Software ("you", "your", or "User") and OmniGhost ("OmniGhost", "we", "us", or "our") concerning the OmniGhost software application, launcher, components, updates, documentation, services, and related materials made available under the OmniGhost name (collectively, the "Software").

This Agreement governs the license granted to you and the conditions under which you may use the Software. It does not transfer ownership of the Software or any intellectual property rights to you. The Software is licensed, not sold.

If mandatory consumer-protection, privacy, or other laws in your jurisdiction provide rights that cannot lawfully be waived or limited by contract, those mandatory rights remain unaffected. Nothing in this Agreement is intended to exclude rights that cannot legally be excluded.

OmniGhost may publish additional policies, notices, product-specific conditions, or service rules. Where such materials are expressly incorporated by reference, they form part of this Agreement. In the event of a direct conflict, the more specific product or service term will apply to the relevant feature to the extent permitted by law.

01 CONTENTS

A structured overview of the provisions that follow.

02	Definitions and Interpretation
03	Eligibility and Acceptance
04	License Grant
05	Account, Device and HWID Binding
06	License Restrictions
07	Installation, Activation and Access
08	Updates, Maintenance and Changes
09	Third-Party Platforms and Services
10	User Responsibilities and Acceptable Use
11	Security, Integrity and Anti-Tampering
12	Support and Communications
13	Fees, Purchases and Taxes
14	Refund Policy
15	Intellectual Property and Ownership
16	Confidentiality and Non-Public Materials
17	Disclaimers
18	Limitation of Liability
19	Indemnity
20	Suspension and Termination

26	Contact and Notices
A	Appendix A - License Restrictions Summary
B	Appendix B - Refund Assessment Guidelines
C	Appendix C - Device / HWID Rules
D	Appendix D - Third-Party Platform Risk Notice

02 DEFINITIONS AND INTERPRETATION

Core terms used throughout this Agreement.

For purposes of this Agreement, the following terms have the meanings set out below. Defined terms may be used in the singular or plural as the context requires.

- "Account" means the individual OmniGhost user identity, entitlement record, or access profile associated with the license.
- "Authorized Computer" means the single computer or hardware environment to which your license is bound through HWID or another device-identification mechanism.
- "HWID" means a hardware-based identifier or combination of identifiers used to associate a license with a particular computer or hardware configuration.
- "License Key" means any activation token, key, entitlement, credential, or digital authorization used to activate or verify access to the Software.
- "Documentation" means user-facing setup information, technical notes, usage guidance, release notes, and other materials supplied by OmniGhost.
- "Third-Party Platform" means any game, service, operating environment, network, launcher, anti-cheat system, marketplace, website, or other product or service operated by a third party.
- "Update" means any patch, bug fix, security change, compatibility update, feature adjustment, or replacement version of the Software.

Headings are for convenience only and do not affect interpretation. References to "including" or "includes" mean "including without limitation." Where a provision is qualified by "to the extent permitted by law," that qualification applies even if it is not repeated in every related clause.

03 ELIGIBILITY AND ACCEPTANCE

Who may use the Software and how this Agreement becomes binding.

You may use the Software only if you have legal capacity to enter into a binding contract in your jurisdiction. If you are not legally able to enter into this Agreement, you must not install, purchase, activate, or use the Software without the involvement and authorization of a person who is legally entitled to act on your behalf.

You accept this Agreement by purchasing, downloading, installing, activating, accessing, launching, or using the Software, or by clicking or otherwise selecting an acceptance mechanism associated with this Agreement. Your continued use after an applicable update to these terms may constitute acceptance where legally permitted and where appropriate notice has been provided.

You represent that information you provide in connection with your purchase, account, activation, support request, or refund request is accurate and not misleading. You must not impersonate another person or use payment, account, or device information without authorization.

04 LICENSE GRANT

The limited right granted to you.

Subject to your continued compliance with this Agreement and payment of all applicable charges, OmniGhost grants you a limited, revocable, non-exclusive, non-transferable, non-sublicensable license to install and use the Software solely for your personal use on one Authorized Computer, for the duration of the applicable license term or entitlement.

The license is personal to one User and is not a sale of the Software. You receive only those rights expressly granted in this Agreement. All rights not expressly granted are reserved by OmniGhost and its licensors.

No license is granted for business resale, managed-service use, distribution to third parties, public hosting, software-as-a-service use, rental, leasing, sublicensing, or integration into another commercial product unless OmniGhost gives you prior written authorization.

05 ACCOUNT, DEVICE AND HWID BINDING

One User, one authorized computer.

Each license is intended for one User and one Authorized Computer. OmniGhost may bind or verify the license through HWID or another device-based entitlement mechanism. You must not attempt to circumvent, spoof, clone, reset, or manipulate the licensing mechanism in order to use one license on multiple computers or for multiple users.

A material hardware change, replacement of significant components, operating-system reinstallation, or other technical change may cause the system to identify a computer as a different device. Where OmniGhost provides an HWID reset or transfer process, eligibility, frequency, verification requirements, and approval may depend on the circumstances and abuse-prevention controls.

You are responsible for maintaining control of your Account, License Key, activation data, and the Authorized Computer. Sharing a license, access credential, or activated environment with another person is prohibited unless OmniGhost expressly authorizes it in writing.

OmniGhost may refuse or revoke a device reassignment where there is reasonable evidence of license sharing, resale, credential compromise, fraudulent access, repeated abuse of reset requests, or an attempt to bypass the one-user/one-computer restriction.

06 LICENSE RESTRICTIONS

Activities that are expressly prohibited.

Except to the limited extent that a restriction is prohibited by mandatory law, you must not, directly or indirectly, do any of the following:

- Redistribute, publish, upload, mirror, transmit, provide, share, or otherwise make the Software or any protected component available to another person.
- Resell, rent, lease, sublicense, assign, transfer, broker, or commercially exploit the Software, a License Key, an activated device, or access to an Account.
- Reverse engineer, decompile, disassemble, decode, inspect, derive, reconstruct, or attempt to discover source code, algorithms, protocols, security mechanisms, licensing logic, or non-public technical information.
- Crack, bypass, disable, defeat, remove, interfere with, or circumvent activation, authentication, integrity checks, license checks, security controls, anti-tampering mechanisms, or usage restrictions.
- Modify, adapt, translate, patch, inject into, create derivative works from, or otherwise alter the Software except where an authorized feature of the Software expressly permits configuration.
- Use the Software for any unauthorized commercial purpose, including resale services, paid access, account sharing, rental systems, or incorporation into another product or service.
- Remove, conceal, alter, or falsify copyright notices, trademarks, product names, watermarks, proprietary legends, version information, or technical notices.
- Use stolen credentials, fraudulent payment methods, compromised devices, or unauthorized copies of the Software.
- Use automation, scripts, emulation, virtualization, device spoofing, or other mechanisms primarily designed to defeat licensing or access controls.

A breach of this Section is considered a material breach and may result in immediate suspension or termination, subject to applicable law.

07 INSTALLATION, ACTIVATION AND ACCESS

Technical conditions for receiving and using the licensed product.

You are responsible for ensuring that your computer, operating system, drivers, peripherals, network connection, and other technical components meet the Software requirements communicated by OmniGhost. Compatibility may vary by version, operating system update, hardware model, driver, firmware, or Third-Party Platform.

Activation may require internet access, account verification, HWID verification, or communication with OmniGhost licensing infrastructure. You must not intentionally interfere with activation or verification traffic. Temporary inability to activate due to maintenance, outages, third-party network failures, or service interruptions does not automatically constitute a permanent product defect.

You must install the Software only from sources authorized by OmniGhost. Copies obtained from mirrors, resellers, file-sharing services, or third parties may be altered, outdated, malicious, or unauthorized and are not supported unless OmniGhost expressly confirms the source.

08 UPDATES, MAINTENANCE AND CHANGES

Software may evolve over time.

OmniGhost may provide Updates to maintain functionality, address bugs, improve compatibility, enhance security, alter features, or respond to technical changes in Third-Party Platforms. Some Updates may be required for continued use.

Features may be added, changed, limited, replaced, or discontinued where reasonably necessary for technical, security, legal, business, compatibility, or product-development reasons. OmniGhost does not guarantee that every feature, integration, supported platform, or compatibility state will remain available indefinitely.

You should use current versions of the Software. Continued use of outdated versions may expose you to compatibility issues and may not be supported. Where practical, OmniGhost may communicate material changes through the Software, support channels, community channels, or release notes.

09 THIRD-PARTY PLATFORMS AND SERVICES

Your use of external games, services, networks, and software remains subject to their rules.

The Software may operate alongside or interact with Third-Party Platforms. OmniGhost does not own or control those platforms and is not responsible for their terms, enforcement decisions, updates, anti-cheat mechanisms, suspensions, bans, compatibility changes, outages, data practices, or other actions.

You are solely responsible for reviewing and complying with the terms, rules, licenses, codes of conduct, competition rules, and technical policies that apply to each Third-Party Platform you use. The fact that a feature is technically capable of operating with a Third-Party Platform does not constitute permission from that platform.

Use of software that alters, augments, automates, observes, or interacts with a game or service may be prohibited by that platform. Consequences may include loss of access, account suspension, device or hardware restrictions, competitive sanctions, or other enforcement. You accept these risks and should not use OmniGhost in a manner that violates third-party rules or applicable law.

References to third-party names, products, games, services, or trademarks are for compatibility or identification purposes only and do not imply sponsorship, approval, affiliation, or endorsement.

10 USER RESPONSIBILITIES AND ACCEPTABLE USE

Rules that apply to your conduct while using the Software.

You must use the Software responsibly, lawfully, and in a manner consistent with this Agreement. You are responsible for actions taken through your Account or Authorized Computer unless you promptly report unauthorized access and take reasonable steps to secure your credentials.

- Do not use the Software to violate applicable law, court orders, sanctions, or the rights of another person.
- Do not use the Software to distribute malware, interfere with networks, attack services, harvest credentials, or obtain unauthorized access to systems or accounts.
- Do not use the Software to misrepresent your identity, ownership, authorization, or entitlement.
- Do not interfere with OmniGhost infrastructure, licensing systems, support channels, or other users.
- Do not submit knowingly false technical information, payment claims, refund claims, or support evidence.

You are responsible for backups, system restore points, and general computer security. Before making significant system changes, firmware changes, driver changes, or other technical adjustments, you should take appropriate precautions and understand the risks involved.

11 SECURITY, INTEGRITY AND ANTI-TAMPERING

Protection of software integrity and licensing systems.

OmniGhost may use technical measures to protect the Software, validate licenses, detect tampering, maintain service integrity, and enforce the license conditions. These measures may include digital signatures, integrity checks, version checks, device binding, account verification, or other reasonable controls.

You must not probe, attack, overload, bypass, disable, manipulate, or interfere with those controls. Attempting to obtain non-public authentication methods, cryptographic material, license-generation methods, signing keys, internal APIs, or bypass techniques is prohibited except where mandatory law expressly grants a non-waivable right to conduct limited interoperability research.

If you discover a security vulnerability in OmniGhost, you should report it privately through the official support channel and avoid public disclosure until OmniGhost has had a reasonable opportunity to investigate and mitigate the issue. This clause does not create a bounty or payment entitlement.

12 SUPPORT AND COMMUNICATIONS

How support may be provided.

Community and support communications may be offered through the official OmniGhost Discord server at <https://discord.gg/9HqnV2mD>. Availability of Discord or any other third-party communication platform is not guaranteed and remains subject to that platform's terms and availability.

Support may require reasonable diagnostic information, screenshots, logs, version details, hardware information, or steps to reproduce an issue. You should not submit passwords, private keys, recovery codes, payment credentials, or other secrets. Support may decline requests that involve unsupported versions, prohibited modifications, unauthorized copies, abusive conduct, or insufficient information to reproduce the problem.

Response times are not guaranteed unless a separate written service-level commitment is expressly provided. Community advice from other users is not an official warranty or binding statement by OmniGhost unless confirmed by an authorized OmniGhost representative.

13 FEES, PURCHASES AND TAXES

Commercial terms associated with paid access.

Prices, license duration, included features, and payment methods may be presented at the time of purchase. Unless expressly stated otherwise, the purchase provides a license to use the Software under this Agreement and does not transfer ownership of the Software or its source code.

You are responsible for applicable taxes, bank charges, currency-conversion charges, payment-provider fees, or other charges imposed by third parties, except where applicable law requires OmniGhost to collect or bear them.

Payment disputes, chargebacks, or reversed transactions may lead to suspension of the associated license while the matter is investigated. Fraudulent chargebacks, use of stolen payment instruments, or intentional abuse of payment systems may result in termination and may be reported to relevant payment providers or authorities where appropriate and lawful.

14 REFUND POLICY

Refunds are limited and reviewed case by case.

Refund requests are considered primarily where the purchased Software does not function correctly for the User and the issue cannot be resolved through reasonable troubleshooting or support. A refund is not automatic merely because a User changes their mind, stops using the Software, violates a third-party platform rule, experiences an account sanction, or has a configuration that falls outside supported requirements.

Each refund request may be assessed individually based on factors such as the nature of the problem, supported system requirements, evidence provided, troubleshooting completed, product access or use, purchase timing, payment method, prior account history, whether the issue is reproducible, and whether a reasonable fix or workaround is available.

OmniGhost may request information reasonably necessary to assess the claim. Failure to cooperate with reasonable diagnostic steps, use of unauthorized modifications, deliberate damage to the installation, license abuse, resale, redistribution, or other material breach may affect eligibility to the extent permitted by law.

Nothing in this refund policy limits any mandatory statutory refund, cancellation, conformity, or consumer rights that apply in your jurisdiction. Where mandatory law provides a remedy that conflicts with this policy, the mandatory law will prevail.

15 INTELLECTUAL PROPERTY AND OWNERSHIP

OmniGhost retains ownership of the Software and related rights.

The Software, including its code, architecture, user interface, graphics, branding, documentation, compilation, non-public technical information, license systems, and associated materials, is owned by or licensed to OmniGhost and is protected by intellectual-property laws and other applicable rights.

"OmniGhost" and associated logos, trade dress, visual identity, product names, and other source identifiers may be trademarks or protected branding. Except for the limited license granted in Section 4, no right, title, ownership interest, trademark license, patent license, source-code right, or other intellectual-property right is transferred to you.

Feedback, suggestions, or ideas you voluntarily provide may be used by OmniGhost to improve the Software without obligation to compensate you, provided that this clause does not transfer ownership of your pre-existing materials or confidential information unless separately agreed.

16 CONFIDENTIALITY AND NON-PUBLIC MATERIALS

Certain materials are intended to remain private.

If OmniGhost provides you with pre-release builds, private test versions, internal documentation, non-public technical information, security details, private support material, or other information clearly identified or reasonably understood as confidential, you must not disclose that information to third parties without authorization.

Confidentiality does not apply to information that you can demonstrate was lawfully public without breach of obligation, independently developed without use of confidential material, or lawfully obtained from a third party without confidentiality restrictions. Mandatory legal disclosure may be made where required by law, subject to any legally permitted notice obligations.

17 DISCLAIMERS

Important limitations concerning performance, availability, and compatibility.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE SOFTWARE IS PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS. OMNIGHOST DOES NOT WARRANT THAT THE SOFTWARE WILL BE ERROR-FREE, UNINTERRUPTED, COMPATIBLE WITH EVERY DEVICE OR THIRD-PARTY PLATFORM, OR AVAILABLE AT ALL TIMES.

Compatibility may change without notice when operating systems, drivers, firmware, games, anti-cheat systems, launchers, networks, hardware, or other third-party components are updated. OmniGhost may attempt to maintain or restore compatibility but does not guarantee any particular response time or outcome.

OmniGhost does not warrant that use of the Software will prevent account sanctions, platform enforcement, data loss, system instability, or other consequences associated with third-party rules or technical environments. You remain responsible for evaluating whether and how to use the Software in your own environment.

No oral statement, community message, informal support reply, screenshot, advertisement, or third-party review creates a warranty beyond any warranty expressly stated in this Agreement or required by mandatory law.

18 LIMITATION OF LIABILITY

Allocation of risk to the extent permitted by law.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, OMNIGHOST AND ITS DEVELOPERS, CONTRIBUTORS, LICENSORS, SERVICE PROVIDERS, AND REPRESENTATIVES WILL NOT BE LIABLE FOR INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR FOR LOSS OF PROFITS, REVENUE, DATA, GOODWILL, BUSINESS OPPORTUNITY, ACCOUNTS, DIGITAL ITEMS, OR ACCESS TO THIRD-PARTY PLATFORMS, ARISING FROM OR RELATING TO THE SOFTWARE.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, OMNIGHOST'S AGGREGATE LIABILITY ARISING OUT OF OR RELATING TO THE SOFTWARE OR THIS AGREEMENT WILL NOT EXCEED THE AMOUNT ACTUALLY PAID BY YOU FOR THE SPECIFIC LICENSE GIVING RISE TO THE CLAIM DURING THE TWELVE MONTHS BEFORE THE EVENT GIVING RISE TO LIABILITY, OR THE MINIMUM LIABILITY THAT CANNOT LAWFULLY BE EXCLUDED, WHICHEVER IS GREATER.

The limitations in this Section apply regardless of the legal theory asserted and even if a remedy fails of its essential purpose, but they do not exclude liability that cannot lawfully be excluded, such as liability for certain intentional misconduct, fraud, death, personal injury, or mandatory consumer rights where applicable.

19 INDEMNITY

Responsibility for certain third-party claims caused by misuse.

To the extent permitted by law, you agree to defend, indemnify, and hold harmless OmniGhost and its developers, contributors, licensors, service providers, and representatives from third-party claims, damages, liabilities, losses, and reasonable costs arising from your material breach of this Agreement, unlawful use of the Software, infringement of third-party rights, fraudulent conduct, unauthorized redistribution or resale, or misuse of another person's account, device, or credentials.

This Section does not require you to indemnify OmniGhost for claims caused solely by OmniGhost's own conduct where such an obligation would be prohibited by applicable law.

20 SUSPENSION AND TERMINATION

When access may be restricted or ended.

OmniGhost may suspend or terminate a license, Account, activation, or access to services where there is reasonable evidence of a material breach, license sharing, unauthorized resale, redistribution, cracking, reverse engineering, payment fraud, abuse of HWID resets, security attacks, unlawful use, or conduct that materially threatens the Software or its users.

Where appropriate and legally required, OmniGhost may provide notice or an opportunity to address the issue. Immediate action may be taken where necessary to protect security, prevent fraud, stop ongoing abuse, comply with law, or preserve the integrity of licensing systems.

Upon termination, the license granted to you ends and you must stop using the Software and remove copies under your control. Provisions that by their nature should survive termination - including restrictions, intellectual property, disclaimers, liability limits, dispute provisions, and confidentiality - will continue to apply.

21 PRIVACY AND DATA HANDLING

Privacy obligations should be described separately where personal data is processed.

OmniGhost may process limited information where necessary to provide licensing, activation, support, security, fraud prevention, or other product functions. The exact categories of personal data, purposes, retention periods, lawful bases, and user rights should be described in an applicable Privacy Policy when personal data is processed.

This Agreement does not itself authorize collection of information beyond what is lawful and reasonably necessary for the applicable service. If a separate Privacy Policy is presented, you should review it together with this Agreement.

Device or HWID information used for license binding may constitute personal data or an online identifier under some laws. OmniGhost should handle such information in accordance with applicable privacy requirements and should not represent raw hardware identifiers as anonymous if they can reasonably be linked to an identifiable user.

22 EXPORT, SANCTIONS AND LEGAL COMPLIANCE

Use must comply with applicable trade and legal restrictions.

You must not export, re-export, transfer, access, or use the Software in violation of applicable export-control laws, sanctions, embargoes, or other trade restrictions. You represent that you are not prohibited from receiving the Software under laws applicable to you or the provider.

You are responsible for compliance with local laws that apply to software use, encryption, computer systems, consumer transactions, digital services, competitions, and online platforms. OmniGhost does not provide legal advice regarding your specific jurisdiction or use case.

23 GOVERNING LAW AND DISPUTES

A jurisdiction-neutral framework, subject to mandatory local rights.

To the extent permitted by applicable law, this Agreement is governed by the laws applicable to the OmniGhost provider in its principal place of establishment, excluding conflict-of-law rules that would require application of another jurisdiction's law. Mandatory consumer-protection rules that apply to you remain unaffected.

Before starting formal proceedings, the parties are encouraged to attempt in good faith to resolve the dispute through the official OmniGhost support channel. Nothing in this clause prevents either party from seeking urgent injunctive or protective relief where necessary to prevent misuse of intellectual property, security credentials, confidential information, or licensing systems.

Any court, arbitration, venue, small-claims, consumer-dispute, or alternative-dispute rights required by mandatory law remain available. Where the parties may lawfully agree on venue, disputes should be brought before a competent court connected with the OmniGhost provider's principal place of establishment unless otherwise agreed in writing.

24 CHANGES TO THIS AGREEMENT

How updated terms may be introduced.

OmniGhost may update this Agreement to reflect product changes, new features, security requirements, legal developments, business changes, or clarification of existing provisions. The effective date and version should be updated when material revisions are published.

Where required by applicable law, material changes will be communicated with reasonable notice or presented for renewed acceptance. Changes do not retroactively eliminate mandatory rights that accrued before the change. If you do not agree to an updated Agreement that lawfully requires acceptance, your remedy may be to discontinue use, subject to any rights you have under applicable law.

25 GENERAL CONTRACT TERMS

Standard clauses governing interpretation and enforceability.

Entire Agreement. This Agreement, together with any expressly incorporated purchase terms, product-specific terms, and applicable Privacy Policy, constitutes the agreement concerning the licensed use of the Software and supersedes prior inconsistent understandings on the same subject matter.

Severability. If a provision is held invalid or unenforceable, it will be interpreted or limited to the minimum extent necessary to make it enforceable where possible, and the remaining provisions will continue in effect.

No Waiver. A failure or delay in enforcing a provision is not a waiver of that provision or any other right. A waiver must be clear and applies only to the specific circumstance for which it is given.

Assignment. You may not assign or transfer this Agreement or your license without prior written authorization from OmniGhost. OmniGhost may assign its rights and obligations in connection with a reorganization, merger, acquisition, asset transfer, or similar business transaction, subject to applicable law.

Force Majeure. Neither party is responsible for delay or failure caused by events beyond reasonable control, including infrastructure outages, internet failures, cyber incidents, natural events, governmental actions, widespread service disruptions, or failures of third-party providers, except for payment obligations already due and mandatory legal duties.

Electronic Communications. You agree that notices, acceptances, receipts, updates, and other communications may be delivered electronically where legally permitted. Electronic records may satisfy writing requirements to the extent recognized by applicable law.

26 CONTACT AND NOTICES

Official community and support contact.

Official OmniGhost community and support channel:

Discord: <https://discord.gg/9HqnV2mD>

You should verify that any person claiming to represent OmniGhost is communicating through an official or verified channel before sharing diagnostic information, license details, or payment information. OmniGhost is not responsible for impersonators, unofficial resellers, or fraudulent third-party communities.

Legal or policy notices should be submitted through the official support channel unless OmniGhost publishes a separate legal contact address. Keep a copy of relevant communications and transaction records for your own records.

A APPENDIX A - LICENSE RESTRICTIONS SUMMARY

A quick-reference summary. The full Agreement controls in the event of any conflict.

You may	Install and use one licensed copy for your personal use on one Authorized Computer, subject to the applicable license term.
You may	Request support and, where available, an HWID reset or transfer through the official process.
You may not	Redistribute, mirror, publish, share, upload, or provide the Software to another person.
You may not	Resell, rent, lease, sublicense, transfer, or commercially exploit a license or activated device without written permission.
You may not	Reverse engineer, decompile, disassemble, crack, bypass, or defeat technical protections, license checks, or anti-tampering systems.
You may not	Modify the Software or create derivative works except for ordinary configuration expressly supported by the product.
You must	Comply with applicable law and the rules of any third-party platform you choose to use.

B APPENDIX B - REFUND ASSESSMENT GUIDELINES

A non-exhaustive overview of factors that may be considered when evaluating a refund request.

Potentially relevant	The Software does not function correctly on a supported configuration and the issue can be reproduced.
Potentially relevant	Reasonable troubleshooting has been completed and no reasonable fix or workaround is available.
Potentially relevant	The request is made with accurate purchase information and sufficient evidence to evaluate the problem.
Usually not sufficient by itself	Change of mind, lack of use, purchase regret, or preference for another product.
Usually not sufficient by itself	A ban, suspension, or other enforcement action by a third-party platform.
May affect eligibility	Unauthorized modification, cracking, redistribution, resale, license sharing, fraudulent payment activity, or refusal to complete reasonable troubleshooting.

c APPENDIX C - DEVICE / HWID RULES

Operational principles for one-user/one-computer licensing.

Rule	One license is assigned to one User and one Authorized Computer.
Rule	HWID or similar identifiers may be used to verify the Authorized Computer.
Rule	A major hardware or operating-system change may trigger re-verification.
Rule	Reset or transfer requests may be reviewed to prevent abuse and are not guaranteed in every circumstance.
Rule	HWID spoofing, cloning, tampering, or bypass attempts are prohibited.
Rule	Sharing an activated machine, account, or license with another user to circumvent licensing is prohibited.

D APPENDIX D - THIRD-PARTY PLATFORM RISK NOTICE

Important notice concerning games, launchers, anti-cheat systems, and other third-party services.

Notice	Third-party services may prohibit software that changes, augments, observes, automates, or interacts with their products.
Notice	Third-party rules may change at any time and may be enforced through warnings, suspensions, bans, hardware restrictions, competition sanctions, or other measures.
Notice	OmniGhost does not control third-party enforcement and does not guarantee that use will be permitted, undetected, compatible, or consequence-free.
Notice	The User is responsible for determining whether a proposed use complies with third-party terms and applicable law.

ACKNOWLEDGMENT

Final acceptance statement.

PLEASE RETAIN A COPY

Keep a copy of this Agreement with your purchase records. The version presented at activation or acceptance may be retained electronically for reference.

BY INSTALLING, ACTIVATING, ACCESSING, LAUNCHING, OR USING OMNIGHOST, OR BY SELECTING AN ACCEPTANCE CHECKBOX ASSOCIATED WITH THIS AGREEMENT, YOU ACKNOWLEDGE THAT YOU HAVE READ AND UNDERSTOOD THIS AGREEMENT AND AGREE TO BE BOUND BY ITS TERMS, SUBJECT TO RIGHTS THAT CANNOT LAWFULLY BE WAIVED.

If you do not agree to these terms, do not install, activate, access, or use the Software.

Version 1.0 - Effective 22 September 2026

Official support/community: <https://discord.gg/9HqnV2mD>

Document prepared for OmniGhost. This template should be reviewed by qualified legal counsel before commercial deployment, particularly for consumer law, privacy, refunds, dispute terms, and jurisdiction-specific requirements.
